My Flat

We live in a 12-story building in the central part of the city. Let me tell you about our flat.

We live on the second floor, so usually we do not use the elevator. There are four rooms in our flat – my parents' room, my little brother's room, the room where I live, and the living room. There are also, of course, a cozy kitchen and a bathroom.

The kitchen is small, but, as I said before, quite cozy. There is a stove, fridge, kettle, microwave, table and chairs there. We also have a lot of kitchen utensils such as knives, ladles and so on. There is my mom's portrait hanging on the wall. The portrait is very good, my father drew it many years ago when they met.

The biggest room in the flat is the living room. This is where we watch TV in the evening, my little brother plays videogames there. My parents' room is also big, and they have their own TV. If my brother or I, want to watch something they do not watch, they might let us use the living room TV and watch their favorite show in their room. They love police procedurals, I like fantasy series, and my brother likes cartoons.

1. Where does the author live?
2. How many rooms are there in the flat?
3. What size is the kitchen ?

Ulan-Ude

Ulan-Ude, the capital of the Republic of Buryatia, was aimed at collecting taxes from the native peoples. At first it was a small settlement named Verkhneudinsk and founded in 1666 by Russian Cossacks. Thanks to its favourable geographical position on the junction of trade roads to the Far East, Mongolia and China Verkhneudinsk developed rapidly and in 1775 it was given the status of a town. Since 1934 our city is called Ulan-Ude.

Ulan-Ude is situated on the banks of the large Selenga and Uda rivers. Nearly 400 thousand people live here. It is the largest industrial and cultural centre of Buryatia and one of the largest in Eastern Siberia.

Ulan-Ude is divided into three districts: Sovetsky, Oktyabrsky and Zheleznodorozhny.

There are many educational institutions: schools, technical schools, colleges, universities and academies. The Buryat Branch of the Siberian Department of the Russian Academy of Sciences contributes significantly to the national economy of our Republic. The Branch includes the Tibetan medicine section, which is unique in Russia. It studies the fundamentals of the oldest medical system of the East.

Ulan-Ude is the cultural center of the republic. There are many theatres and museums.

The most famous theatre is the Academic Opera and Ballet House, the only one in Eastern Siberia. We are proud of our singers and ballet-dancers, who are renowned not only in Buryatia and Russia but also abroad.

The historical museum exhibits photographs, documents and other materials connected with the history of our republic. The museum of Nature acquaints us with the flora and fauna of Buryatia. The Ethnographic museum is famous for its collection of yurts and wooden houses.

Тема 1.4 Покупки: одежда, обувь и продукты питания

1. Read the text and complete the table:

It is often faster and cheaper to buy online. For instance, finding and buying books on a website is easier and more convenient than walking around a large bookstore. Moreover, customers save not only their time but money as well: warehouses are normally cheaper than shops, so online companies offer lower prices even when delivery charges are included. Although shipping a small number of items from another country could be sometimes quite expensive.

It goes without saying that not all products can be purchased online as easy as books. People prefer to try on clothes, for example, to feel the quality and choose the right size. So they often go shopping first, choose the product in stores and then place an order for it online, having found some attractive discount.

Online shopping is also an ideal way of buying goods for extremely busy people or for the disabled. Online stores are usually available 24 hours a day. All you need is the Internet access and a valid method of payment: credit cards, electronic money or cash on delivery.

The main disadvantage of online shopping is insecurity. There is always a small risk that your financial and personal information might be exploited by hackers. Other frustrating disadvantages are additional costs for delivery and long waiting time, up to several weeks. Besides, online shopping is a bit risky because you can get goods of bad quality, broken or even wrong items.

Russia is a democratic federative state based on rule of law and a republican form of government. State power in Russia is exercised by the President, the Federal Assembly, the Government and the courts.

One of the basic principles of constitutional government is the division of powers. In accordance with this principle, power must not be concentrated in the hands of one person or one institution, but must be divided among the legislative, executive and judicial branches. The president of Russia is the government's chief executive, head of state, and most powerful official. The president is elected by the people to serve a four-year term. The president, with the approval of the lower house of parliament, appoints a prime minister to serve as head of government. The ceremony begins with presenting *Khadak* (a blue scarf made of soft silk), white milk products, headscarves, pieces of fabric or a piece of soap. The white milk products may be milk, dried scum, curds and butter. They are the signs of respect and friendship.

At the Datsans Lamas dressed in colourful, traditional coats pray together for well-being and happiness for every person all over the world. All the citizens of the republic try to visit the datsans during the month to receive prosperity, good health and longevity for children from the lamas.
